How do I Sign In to the CFTC Portal?

This document provides an overview of the steps needed to login to the CFTC Portal.

CFTC does not permit the sharing of Portal accounts. Each user must have an individual account using a first and last name. Please allow up to two business days for new account requests to be reviewed. Contact TechSupport@cftc.gov if you have any questions.

1. Select the CFTC Portal Sign In URL: <https://portal.cftc.gov>
2. Read the CFTC Portal Terms of Use Agreement. To access the Portal, it is necessary to accept the Terms of Use Agreement by selecting [Accept].

CFTC PORTAL

Warning

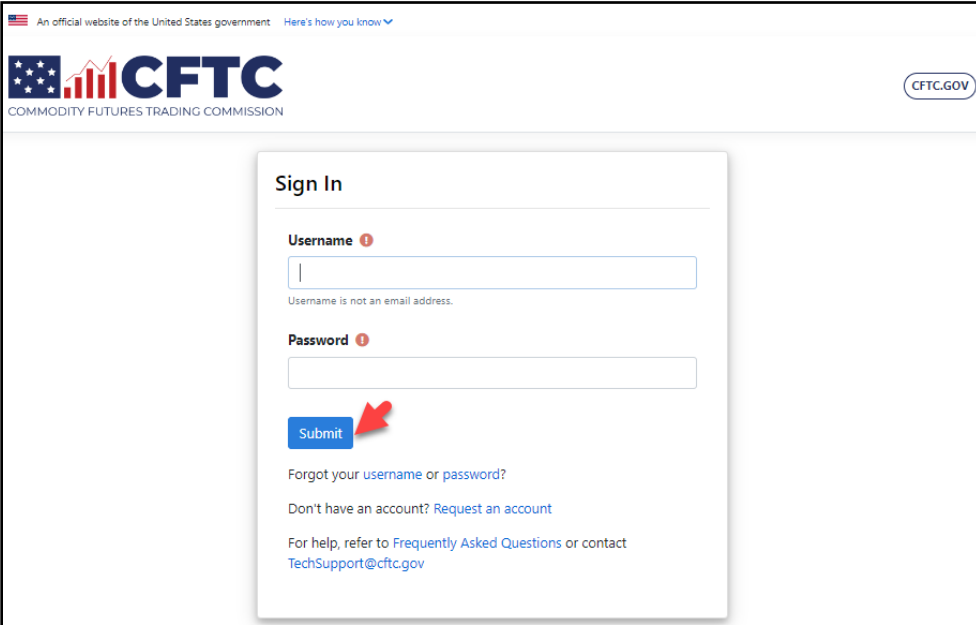

This computer system is a United States Government information system operated by the Commodity Futures Trading Commission ("CFTC"). This system is to be used only for authorized purposes by individuals who have been granted access rights by the CFTC. Misuse of this computer system is a violation of Federal law. See Computer Fraud and Abuse Act of 1986, Pub. L. 99-474, 100 Stat. 1213 (1986). Unauthorized access or use of this information system is prohibited and may be subject to criminal, civil and/or administrative action. The Government routinely intercepts and monitors communications and information on this system, for example, to address security vulnerabilities and other risks. All users of this system, whether authorized or unauthorized, are subject to monitoring by the CFTC and other authorized Federal Government officials. Anyone using this system expressly consents to such monitoring. All of the information transmitted or stored on this system may be intercepted, recorded, read, copied, searched, seized and disclosed by and to authorized personnel for official purposes consistent with CFTC policies. Users have no reasonable expectation of privacy when using this system or in any communication or data which is transmitted or stored on this system. Personal information submitted through this system is collected, stored and otherwise processed as stated in the Portal Privacy Policy.

Any information an individual submits to the CFTC must be true and accurate. The making of a false statement to the CFTC may be a basis for administrative action under 7 U.S.C. § 9 and may be punishable by fine or imprisonment, or both, under 7 U.S.C. § 13 or 18 U.S.C. § 1001.

By clicking "Accept", you acknowledge that you have read, understand and consent to the above, to the [Terms of Use Agreement](#) and to the processing of your personal information as stated in the [Privacy Policy](#).

Accept

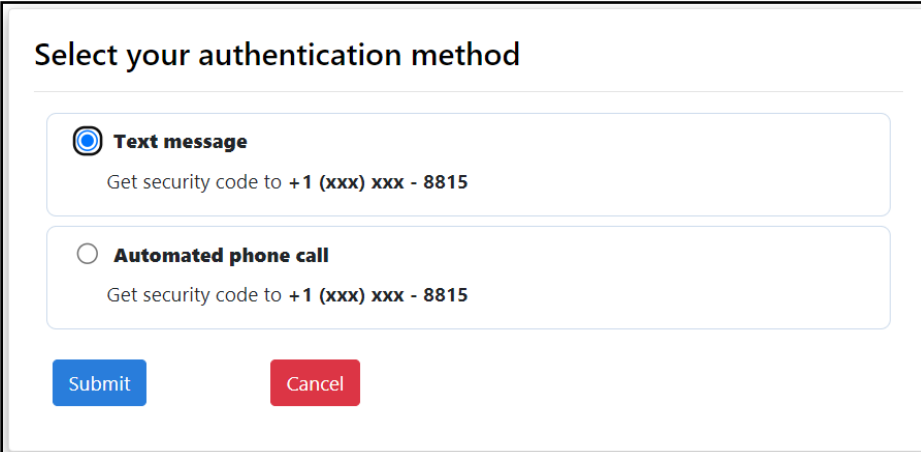

3. Enter the username and password and select the “Submit” button.

The screenshot shows the CFTC (Commodity Futures Trading Commission) website. At the top, there is a header with the CFTC logo and the text "COMMODITY FUTURES TRADING COMMISSION". A "Sign In" form is centered on the page. The form has two input fields: "Username" and "Password". The "Username" field has a red error message below it: "Username is not an email address." The "Password" field is empty. Below the password field is a blue "Submit" button, which is highlighted with a red arrow. Below the "Submit" button are links for "Forgot your username or password?", "Don't have an account? Request an account", and "For help, refer to Frequently Asked Questions or contact TechSupport@cftc.gov".

4. Upon successfully entering the proper credentials, choose an authentication method. Two options will be provided – Text message and Automated phone call. A third option, “Authentication App”, will be available after following the steps at the end of the document.

In this example we will choose Text message.

The screenshot shows a form titled "Select your authentication method". There are two radio button options: "Text message" and "Automated phone call". Both options have a subtext: "Get security code to +1 (xxx) xxx - 8815". The "Text message" option is selected. At the bottom of the form are two buttons: "Submit" (blue) and "Cancel" (red).

5. A text message with a six-digit code will be sent to the phone number associated with the user's account. Check the mobile device for the code. In this example the code is 111111.

6. Enter the code into the text box and click Submit to complete the Sign In process.

 **Check your phone**

We sent a security code to **+1 (xxx) xxx - 8815**

This code will expire in 15 minutes.

One-time security code

Configure Authentication App

1. The preferred and most secure method for authenticating with the CFTC Portal is to use an Authentication App. This section will show in three easy steps how to enable this feature when signing in to the Portal.

Navigate to the My Account page to begin the process.

The screenshot shows the CFTC Portal's "My Account" page. At the top, there's a header with the CFTC logo and a navigation bar with links for Forms, Submissions, My Account (highlighted with a red box), Dashboard, and Sign Out. A user profile box in the top right identifies the user as a "Futures Commission Merchant (FCM)" with a last login date of 10/31/2023 at 10:58:10 AM.

The main content area is titled "MY ACCOUNT" and "TWO-FACTOR AUTHENTICATION". It includes an introductory paragraph about security codes and a three-step process:

- 1 Install an authentication app.** Some popular options include:
 - Google Authenticator (iOS/Android)
 - Authy
 - 1Password
 - LastPass
 - Microsoft Authenticator
- 2 Scan QR barcode.** A QR code is displayed. Below it, a manual entry option shows the code: `GM2GMZLGRSGINRXHFRTIOBSMQ`.
- 3 Enter the code from your app.** A text input field is provided for the user to enter the code, followed by a "Submit" button.

At the bottom, there is a "Phone" field and a question: "Do you want to update phone number?" with radio buttons for "Yes" and "No" (the "No" option is selected).

2. If the user doesn't already have an Authentication App on their mobile device, then choose to install one of the options below or install another software-based authenticator.

Some popular options include:

- Google Authenticator ([iOS/Android](#))
- [Authy](#)
- [1Password](#)
- [LastPass](#)
- [Microsoft Authenticator](#)

3. Complete the remaining steps by scanning the QR Barcode or manually entering the code into the Authentication App. The final step is to enter the six-digit code into the text field and then press the Submit button to complete the process.

MY ACCOUNT

TWO-FACTOR AUTHENTICATION

If you don't want to receive security codes by text or phone call, you can set up an authentication app on your device to generate security codes. Once enabled, you will be able to use the one-time passcodes generated by the application each time you sign in instead of receiving a text message or a phone call. If you are having difficulty setting up the authentication app, you will need to contact the app developer directly for assistance.

1 Install an authentication app.
Some popular options include:

- Google Authenticator (iOS/Android)
- [Authy](#)
- [1Password](#)
- [LastPass](#)
- [Microsoft Authenticator](#)

2 Scan QR barcode.

Or enter this code manually into your authentication app
GIYWEMLCMU2DKYLGMIYTCYJXGQ

3 Enter the code from your app.

Submit

Phone

Do you want to update phone number?

☐ Yes ☒ No

4. The Authentication App is successfully added to the user's account.
